Explain the how to plays

back

Collision ball : It moves in a specific pattern. It grows in size over time. If the Googly Eyes is more bigger, it disappears when collide and get many point

Googly Eyes : User character, It grows in size when it eats an energy ball. And the size gets smaller as time goes by.

Energy ball : If eat this, it will grow in size and get little point

Point block : Displays the point..

How to play

Players can move Googly Eyes to mouse.

Googly Eyes gets smaller over time, and loses if it shrinks below a certain size or collide into a state smaller than Collision ball.

If the Googly Eyes is more bigger than Collision ball, Collision ball disappears when collide and get many point.
